CITY'S FIRST BOND ELECTION TUESDAY

DRAINAGE SURVEY ON CITY'S WEST SIDE GIVEN APPROVAL

The city council Monday authorized Mark Thomas, engineer to make a preliminary study and report on storm drainage west of Winchester Road and north of Campbell avenue, in keeping with a request from Joseph Dahl, former councilman, who said he represented half a dozen or so property owners in the area. The flow would be toward San Tomas Aquina creek. The survey, to cost an estimated $500 was approved conditional that if storm sewers were approved this survey cost will be paid back to the city by the district or interested property owners.

A letter from Vladimer Fabris of 760 Normandy Drive, read by City Clerk Dorothy Trevethan, scored the recent action of council in engaging a city auditor from out of town, William Cooper. Fabris said he had requested an interview, but Councilman John Chargin said that on the day of the council meeting Fabris had told him to withdraw the letter. Mayor Morton said there had been three written and one oral application for the job, and that while he had an office in Campbell for some three months that Fabris does not live in the city limits.

Councilmen James Arends and Chargin were named to attend a meeting tonight of the Intercity Council at Los Altos when officials of the newly incorporated city of Cupertino are to be welcomed, along with discussion on smog and the sales tax.

Planning Consultant Nestor Barrett was authorized to proceed with an annexation map including for State Board of Equalization for sales tax collection purposes if and when the county tax is approved.

An ordinance was introduced designating parking and garage requirements in multiple dwelling, and adopted ordinance 83 rezoning the Stroppa property on Harrison street which was formerly the Hunt Cannery pumping plant, now to be used as a tile plant.

LeRoy Black, street superintendent reported he has not been able to find a street sweeper for lease up to budget time, so council told him to keep looking. Black got approval to remove a dead pepper tree on Dillon avenue.

This Saturday afternoon, the city hall is to be open for public inspection as will also the Congregational Church building, where voters may see first hand the cramped condition at the former and the space adequacy at the latter which would be made over as a city hall when bonds are approved next Tuesday.

Three Hearings Set By Planners

Three public hearings were scheduled by the Campbell Planning Commission on last Tuesday evening and there was considerable discussion with building inspector W. L. Morser regarding the zoning ordinance as to how drastically it is to be enforced.

Proposed amending of the zoning ordinance involving parking rations required in C-1 and C-2 zones was set for Nov. 3 before the Planning Commission. Application for use permit to move a building back of the Calvary Temple Church at 130 Railroad Avenue was set also for November 3 as was application of Bud Scheiderman for a change from first residential to commercial of property on the northwest corner of Rincon and Virginia Avenues where applicant seeks to set up a grocery store.

City of San Jose in a letter to the planners cited 12 instances for advocated changes in the streets and highway plan recently approved by the planners. This will be referred to Planning Consultant Nestor Barrett on his return next week from Ottowa, Canada where he has been attending a continental conference of planners.

E. C. Kornelson, owner of an apartment house on East Latimer Avenue told the planners he was paving the front area and that he has adequate parking space, one car for each of the 25 apartments but that seven of his tenants have two cars each.

Mr. and Mrs. Arthur Whittredge of Ansonia, Connecticut and Marcy, N. Y., were recent visitors of the Davis Snook family of 12525 Quito Road and Mrs. Burton Snook of Los Gatos. Arthur Whittredge has been secretary for Y. M. C. A. in New York for 44 years.

Mr. and Mrs. Allan Holmes (Allan, Campbell mailman) of 3253 New Jersey Avenue, Cambrian Park, gave a housewarming at their new home Sunday afternoon when more than 25 relatives and friends from San Francisco, San Jose and Campbell were present, including Father Essig of St. Francis Cabrini Church. Many lovely gifts were received by the Holmes.

Permits Issued In Campbell For 30 New Homes

Permits were issued this week to Trojan Construction Company for thirty new homes on the west side of San Tomas Road, north of Campbell avenue, to cost a total of $240,000, according to W. L. Morser, city building inspector. A permit for a service station to cost $20,000 was issued also this week to Union Oil Company on the northeast corner of Latimer and Winchester Road. A permit issued last week for a $9000 home on Central avenue brings the total to 31 homes, and building costs to $169,000 in Campbell since October 1 when office was established here. Campbell permits issued from January 1 to October 1 by the County office was for 360 new homes and $3,891,206 valuation. Total for the year to date is 390 new homes, $4,160,206 building valuation.

RED FEATHER QUOTA HERE IS $10,000

Campbell's Red Feather Campaign will get under way officially next Monday, with a goal of $10,000 to be used for support of Community Chest agencies which serve residents of this city.

In an official proclamation, Mayor Morton called on all residents of Campbell "to cooperate with the Community Chest and generously give and contribute to the funds thereof, so that the campaign will be a complete success".

George B. Kemp, vice-principal of Campbell High School, is chairman of Campbell's Chest appeal.

Residential division canvassers are scheduled to be briefed at a meeting at 7:30 tonight in the Campbell School District Superintendent's office, where they will get kits and see a sound and color movie, "Community Success is You". Solicitation by residential volunteers will start Monday morning.

Two Campbell divisions, business and schools, got under way in advance of the general campaign.

Schools division, Delos Bagby, chairman, started last Monday. Business division began its canvass the previous week, in charge of David E. Farley, Henry Jewell, Roland Risso, Thomas Daugherty and Paul Basham.

Voters Approve Moreland Bonds

Moreland school district voters Tuesday voted 6 to 1 for a $250,000 bond proposal and a $500,000 loan from the state for a new school in Strawberry Acres and for a school site probably to touch the westerly limits of Campbell between San Tomas Road and Saratoga Road off the north side of West Campbell avenue. The vote was 311 for and 56 against the bonds, 326 for and 28 against the state loan.

The new school, which will be in the center of Strawberry Park subdivision and is to be named Strawberry Park School. It is to have two kindergarten and 12 classrooms along with an administration room. Site is 10.84 acres, and efforts will be made to have the school ready for use by September, 1956 according to Gussie Baker, district superintendent.

Rosemary Club Greets Teachers

Over 450 attended the Rosemary Home and School Club meeting in the over-crowded all-purpose room of the school Tuesday evening. To date, approximately 300 parents have joined the membership.

Bill Morgan, president, conducted the meeting introducing the new principal of the school, Anthony Van Laarhoven, and members of the faculty. John Chargin, councilman, spoke on the need for new city hall facilities, a fire station on the west side and a corporation yard urging citizens to vote for approval of the bonds.

At the conclusion of the meeting, parents went to their children's home rooms to meet the teachers and see class work being done. Parents also made appointments for the regular parent-teacher conferences.

* * * * *

CITY NEEDS AT ISSUE TUESDAY BEFORE VOTERS

Campbell will have 2221 voters qualified for its first bond election Tuesday to acquire a site and building for a city hall, a site and fire station in the west section of the city, and a corporation yard for the housing and repair of city equipment.

There are three propositions to be voted on Tuesday, first for purchase and remodelling of Congregational Church for $55,000 bonds; second for $35,000 fire house and two acre site west of Winchester Road in keeping with board of underwriters directive, and third, for a corporation yard facilities to cost $10,000 on a site available for lease at $5 per year over a 20-year period.

The city hall would relieve crowded conditions at the fire station where city offices are now maintained, and would provide a council room and planning commission meeting place, instead of that used at the Country Woman's Club.

Mayor Richard Morton, speaking before the Campbell Kiwanis Club on Tuesday noon said there is no apparent opposition so far as the need for these facilities is concerned, as employees work under deplorable housing conditions now. He said there was no opposition from the cost angle, as it is a practical and manageable plan for a new city to acquire property at the right time. He said the cost would be four and a third cents per $100 assessed valuation per year which he said was very low.

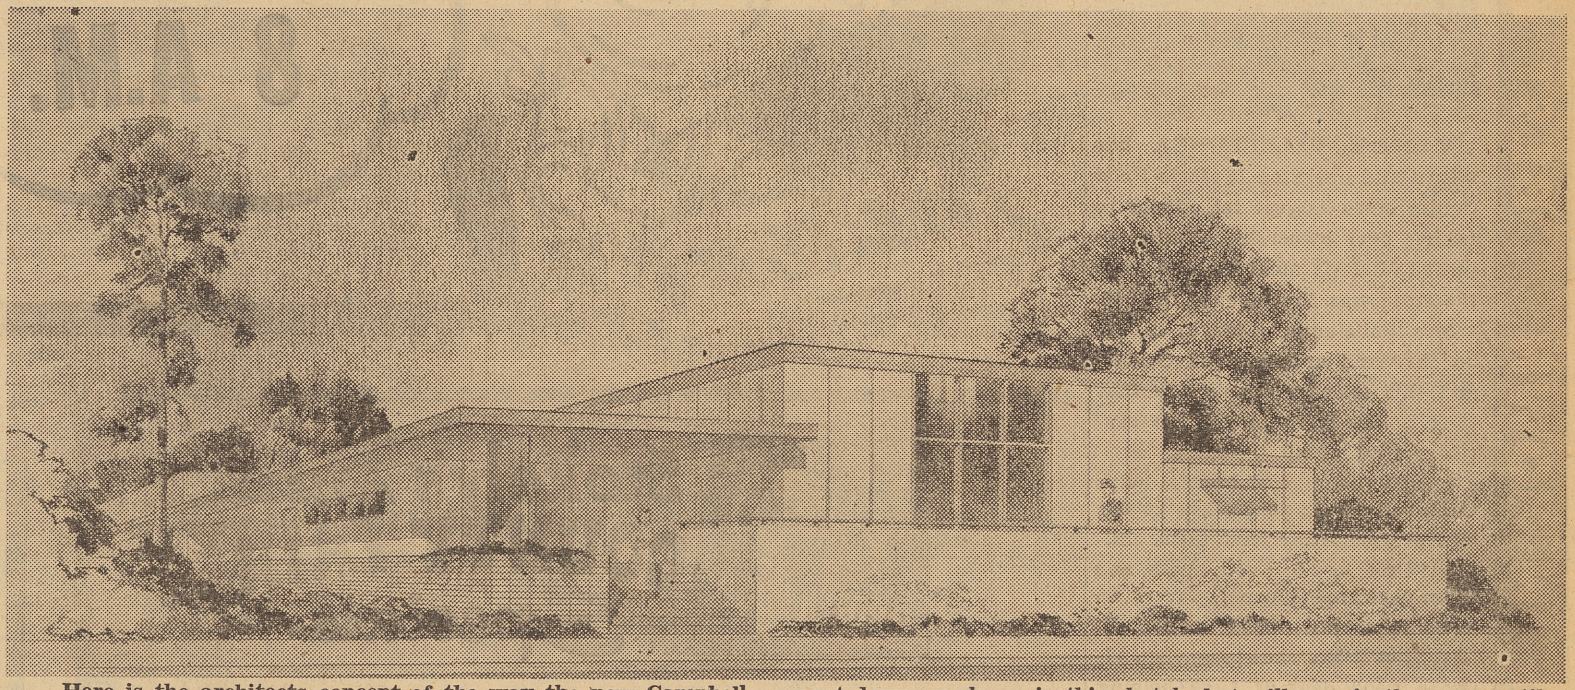
The location was approved after deliberate study by planners and council. Building was thoroughly inspected for structural soundness. The central site was a prime consideration, and the low cost for remodelling would be far less than prevailing cost for new structures. Morton said there will be 8000 square feet of useable space in this building which is 1000 square feet more than now needed, the cost to be from $4 to $4.50 per square foot as compared with $11.50 to $18 for new building cost. He indicated the city may set up its own engineering department. The plan calls for an attractive exterior and interior so that it will not in any way resemble a church, and he said it should have a useable life of 35 to 45 years, however it will probably not be used in that capacity for more than fifteen years. Further architectural change would be made from city earned funds, it was indicated.

Morton said this land value in 15 years would increase at least $5000 while on the other hand the city can't rent needed facilities for less than $375 per month. If the Cutting property is later acquired then the civic center site will be 250 by 200 feet with parking space for employees and the public.

The fire station in the west section of Campbell would probably be started in the next fiscal year but a site would be first obtained. He indicated the Board of Underwriters has seen the need for two new fire stations, one east of Route 5 freeway and one in the west part, the city wanting to get the west station first as this is where the new growth is coming and where a site is available without condemnation as would be the case east of the freeway. It would remove the danger of trucks speeding by two schools, and probably bring about a reduction in insurance rates. He said addition to our tax rate for these three needed facilities will be 4c as compared with 17c increase approved by San Jose voters for their new city hall. Campbell tax rate on this basis would be 78c as compared with $1.69 per $100 at San Jose.

Four precincts for the election Tuesday are at High School, Campbell Grammar School, Fire Station and Baptist Church, with polls open from 7 A. M. to 7 P. M. A two-thirds majority vote is needed for approval. Today is the last day for absentee ballots.

Tommy Blackmun of Campbell Floral Shop, and Don Slater, spent Sunday uranium hunting at Patterson. Their biggest find was some colored stones.



Here is the architects concept of the way the new Campbell City Hall will look when fully developed and which will provide some 8000 square feet of useable floor space. A $55,000 bond proposition to be voted here Tuesday will provide for acquisition of the Congregational Church and site on Central avenue, which building already inspected and approved for soundness, will then have both exterior and interior alterations. The roof will not be cut down, as shown in this sketch, but will remain the same until the city has earned money for this further change. A new building of this design would cost at least $100,000 aside from the cost of the site, according to the architect. City hall employees are crowded in the fire station along with office furnishings, and badly need more space. The new city hall in the remodelled church building would have a useable life of from 35 to 45 years.

BPWC GROUP TELL ABOUT THEIR JOBS

Each member of the Campbell Chapter of B. P. W. C. at last Wednesday's meeting gave a two-minute talk on her particular job or type of business operated in keeping with National Business and Professional Women's week, September 25 to Oct. 2. The club met at the home of Dorothy Ellis on Steinway Avenue, with Leah Johnson as program chairman assisted by Thelma Solari and Gwen Steindorf.

Edith Anderson and Alma Fanning compared old methods of beauty culture with the new; Gwen Steindorf, owner-rancher, told of orchard work and her love of birds, even though some do a great deal of damage. Belle Rawlins, tutor, spoke of the trials and tribulations of teachers, while Emily Snyder, also a retired teacher, said she misses her school work, but is now busy learning medical spelling as secretary in a doctor's office.

Rosaline Stranbert, dental assistant at County Hospital, told of oral surgery, and Thelma Curry, who is in the plumbing business, advised members to shut off a valve when a flood occurs. Edith Morley, knit shop owner, said her business started as a hobby and just grew; Wanda Karst, owner of a juvenile shop, described clothing selection and buying, and Claire Brannen gave an account of the advertising business.

Marion Hill spoke of services offered by the Veterans Administration and Lorene Perry, Secretary of Monroe School, said she is not only secretary, but sometimes serves as nurse and handyman. Vivian Faulkner told of worldwide advertising; Micky Mirassou recounted amusing incidents in the realty business; Emily McConnell, dress shop owner, said her business is glamour on the surface and then described the year's procedure for buying and selling, as did Ann Levine, another dress shop owner.

Hanna Berglund, bookkeeper at Western Gravel, like the feeling of being part of building and supplying materials for a growing community. Thelma Solari, county school department, told of the many activities of her department and said she is particularly interested in child welfare work. Dorothy Ellis, retired San Jose State teacher, spoke of the psychology department which she helped initiate at Agnews State Hospital, Leah Johnson explained her work at I. B. M. Research Library, and Diane Payne, owner of a pheasant farm, told of work involved in raising this type of fowl.

Guests of the club were Anita Jacobus, of the Campbell Press and Dorothy Russell, bookkeeper at Campbell High School.

At the close of the program Dorothy Ellis was presented with a TV planter lamp as a housewarming gift from the club.

Head Coach Jim Muir's inspirational slogan in the Buc Varsity Locker Rooms is:"Through these doors pass the best runners, blockers, and passers in the SCVAL".

School Choir At San Tomas Will Be Given Robes

Choir robes to be made by PTA members for use of the school choir, is to be the project of the year, according to action taken Wednesday evening at the San Tomas PTA board meeting at the home of the president, Mr. Ray Snyder. Tumbling mats for gym classes was the gift from the PTA last year.

The San Tomas Blue Birds will lead the flag salute as the PTA meeting is opened next Tuesday. They are to tell of their activities and will furnish cakes for evening refreshments. PTA members are to have a buzz session, hear a talk on the county bond issue and discuss the membership drive.

School Debators Study Subsidies

Preparing for inter-school competitions are the eighteen members of the Campbell High School Speech and Debate Club, under senior English teacher, Dennis Friend, and leadership of student debate commissioner, Dennis O'Flyng.

Santa Clara County debate topics will concentrate around the general subject of federal government subsidation of education. Some group members notably Pat McClenahan, Bryan Paddock, Everett Avila, and Dennis O'Flyng give humorous interpretations to other debate topics.

The group meets every Wednesday after school. Dennis Friend replaces James Peabody, now a San Jose Junior College teacher. He served as a member of the San Francisco Speech Commission, SF Civic Theater, and the Wharf Players of Monterey. He did most of his speech work at San Francisco State College.

Evening School Has Vacancies

Several classes still have vacancies at Campbell High's Adult Education program according to Edward Stanley, director. Still open for enrollment are the following classes:

Beginning art class in water color, Monday night, Camden High, 7 to 10 p. m. Public speaking, a practical course of value in business and community affairs, Monday, Camden High, 7 to 10 p. m.

Subjects taught at Campbell High with a few vacancies are: review mathematics, of value to persons in commerce interested in job improvement or pre-engineering, Thursday, 7 to 10 p. m. Four or five more enrollees will be taken in Art Manufacturing and crafts, taught by Wesley Berg, Tuesday, 7 to 10 p. m. This course is of interest to the professional or hobbyist, and covers a wide field of craft techniques, such as leather tooling, plastic, and Christmas cards.

Rev. Ahern, Mayor Morton Speak

Rev. Thomas Ahern and Mayor Richard Morton were guest speakers at St. Lucy's Club meeting last Thursday evening. Mrs. Leslie Fairchild presided at the meeting and Mrs. Joseph Santo was program chairman.

Rev. Ahern discussed the work of the seminaries as training schools for priests. Mayor Morton spoke on the need for new facilities for the city hall and an additional fire station on the west side.

Other matters discussed by the club were the forthcoming rummage sale to be held October 20 and 21 at 124 North Market Street in San Jose headed by Mrs. Fairchild and Mrs. John Kay, and a card party scheduled for the evening of November 11 in the school hall, for which Mrs. Louis Bogner and Mrs. Mary O'Brien will be co-chairmen.

At the conclusion of the business meeting, cake and coffee were served by Mesdames Floyd Wood, Manuel Pimentel, H. A. Weitzel and Joseph Gomes.

New Cross Country Team At Campbell

This Fall Campbell High will start cross country running as a new interscholastic sport with Coach Priddy in charge of the team.

Cross country competition will include roughly seven or eight meets. The first, Campbell will participate in, will be Thursday, October 13, at the San Jose Country Club. As can be gathered, the runners during the season will be obliged to travel over all sorts of terrain. The different courses are clearly mapped out and may include crossing even bridges and cement steps. The length may range between 1.5 and 2.0 miles. Teams, consisting of up to seven members, are entered in the different classifications, Varsity, Novice and Frosh-Soph.

Seventeen boys who have signed up for the team are: Warren Wood, Steve Dunn, Henri Zander, Dick Tuttle, Steve Hunter, Marvin Castle, Ron Reeder, Bob Longuevan, Larry Tyrell, Bob Young, Britt Finley, Pete Martinez, Larry Meritt, Gary Foote, Arthur Lutus, Charles Blandford and Ken Sweet.

Concerning this initial turn-out, Coach Priddy stated, "I'm satisfied with the turn-out considering that this is the first year of cross country at Campbell. It is evident that there is interest."

Cross country gives the boys who do not have the ability or desire to play football or basketball, another fall sport, so they can still take part in some sport. It also develops boys for the spring sports such as track, swimming, baseball and tennis.

A GROWING CITY HAS A PROBLEM

Planning Commission Room at the fire station is jammed just like this when matters of importance come up and there are numerous interruptions from police calls and fire alarms in an open alcove back of where the commissioners are seated. ..Here Mayor Morton, left, and Councilman John Chargin explain to Lester Lafferty of the Campbell Press and member of the 20-member Citizens' Committee that adequate facilities will be provided for these meetings if voters approve the bond issue for a new city hall on October 18. Since Campbell was incorporated in 1952, the assessed valuation has increased $750,000 annually and there is no doubt but that it will continue to do so for the next several years. Cost of the city hall property ready to operate will be $55,000 to be paid for probably over a 20-year period. Others in this picture, identified, left to right, Douglas Beatty, Verle Grizzle, Tony Raffanti, Ken Stringfellow, Richard Salice and Guy Farley.

The Campbell High Buccaneers, playing in their first league game Friday, completely outclassed the Washington Huskies to the tune of 26-0 in a contest played at the loser's field at Centerville.

The Bucs, by walloping a much improved Huskie team, served notice that they will be extremely tough in defense of their SCVAL crown.

Washington could find no relief, during the entire first half from the crushing attack of the Buc first stringers. Campbell moved almost at will. Out of the four times possession of the pigskin was gained, three touchdown drives of 60, 37, and 52 yards were launched. The Bucs, for the most part, stuck to the ground, as signal caller Jerry Sutton befuddled the Huskie line with a show of pigskin wizardry to set up long runs on the part of the Buc backs. In all, eight first downs and 19 points were accumulated in the first half.

Defensively, the Campbell line performed magnificently. Washington could only boast a total yardage of one yard gained in the first half of play.

The Bucs scored the first time they got the ball on a 60 yard march of eight plays. Jerry Sutton received a Washington punt on his 35 yard line and carried to the 40. Two plays later the Bucs were in Huskie territory at the 44 yard line. Quarterback Sutton faked a handoff to a back at the center of the Washington line. The whole line converged on the supposed ball carrier. Then Sutton pitched out to halfback Tony LoBue who scampered, unmolested, all the way to the Huskie 10½ yard line where he was pulled down. Sutton scored the actual touchdown on a quarterback sneak, and the conversion was good to make it 7-0.

Tony LoBue scored the second touchdown on a four yard run which culminated a 37 yard effort. Russ Cahill and Ray Nishijima made two key first downs which kept the drive alive. The conversion was missed to make the score 13-0.

Dr. Wm. O'Neill Opens Office Here

William O'Neill, M. D. today announced hs association with Dr. T. P, McNiff in the general pratice of medicine at Harrison and Campbell avenues where he has established residence on Monroe Street with his wife and their three children, Peggy, 3, Patricia, 2, and Michael John who is one.

Dr. O'Neill was graduated from the National University of Ireland at Cork in 1944. He had three years of hospital training in London at Paddington, Royal Victoria, St. Nicholas and White Haven hospitals and at the Rotunda Hospital in Dublin. He then entered general practice in England and at Tipperary, Ireland. In 1949 Dr. O'Neill arrived at New York and interned in N. C. C. hospital on Long Island, later coming to San Francisco for post graduate work at various hospitals until obtaining his California license. Since 1952 he has been practicing at Boulder Creek.

Evich Carter Strodthoff, graduate of Campbell High School, is now attending Bryant College of Business Administration at Providence, Rhode Island. He is the son of Mrs. Strodthoff of Deron Road, Amagansett, New York.

BUC CAGERS DROP A PAIR

In a preliminary contest, played Monday, the Campbell 110's dropped their first league game to Sunnyvale, 28-20 on the home hardwood floor. Ben Lujan scored the most points for Campbell with seven.

The feature action saw the Buc 120's lose to a spirited Sunnyvale team 34-32, in the last five seconds of play. The go-ahead basket was dropped in on a lay-in shot, and the Bucs, upon bringing the ball back into play, did not have time to attempt a shot before the final buzzer sounded. Dave LaBarbera paced Campbell 11 points.—S. D.

Quito Kiwanians Hear Dr Manson

Dr. M. Manson spoke before Quito-Saratoga Kiwanis Club as last week's regular meeting at Quito School on the need for local medical facilities. Dr. Jay Sitney of Saratoga was chairman for the evening.

President of this Kiwanis club is Oliver Upton of Bucknall Rd. A nominating committee has been appointed to submit a slate of officers for 1956.

SERVICES HELD

Funeral services were conducted yesterday afternoon at Los Gatos for Arlie Darling, 44, a Campbell resident for the last three years, who died Sunday at a San Jose hospital. A native of Michigan, he was a member of Operating Engineers Union. Survivors are his widow, Ruth, a son Richard and a brother, Virgil.

CAMDEN HOOPSTERS DROP TWO GAMES

Camden High basketball quintets dropped a pair of games Tuesday to the San Jose High lightweight teams, 33-17 for the B team and 36-15 for the C team.

New Owners and Managers of
WESTERN AUTO SUPPLY
50 E. CAMPBELL AVE. FR 8-4700

Home Market New Owners On Winchester Rd.

Home Market is the new name of the market at 79 South Winchester Road near Campbell Ave., which is re-opening this week-end under different management.

Co-owners are Harley B. Robertson and J. H. Chrestman, both from Richmond. These men, who have taken over the former Twig Market, have had many years of experience with Lucky market.

Mr. Robertson and wife Inez live at 141 N. Winchester Road, and have one daughter, Doris, who is in Campbell School.

Mr. Chrestman's wife, Dorothy, is still living in Richmond and is anxious to find a home in the Campbell area. There are two grown sons in this family, both in the Armed Forces. John, Jr., is married and has a two year old daughter, Rebecca. Gary is stationed at Fort Ord.

The total national production of sweet cherries in 1954 was 200 million pounds.

HERE IS WHY--
CAMPBELL NEEDS SPACE

✶ POLICE DEPARTMENT

Statement by Police Chief Robert Locke

At the present time the Campbell Police Department is occupying a space approximately eight by twelve feet which opens upon the Campbell Fire Department meeting and hose room. There is no privacy for interviewing people picked up for questioning or interviewing and questioning persons arrested for various crimes. Juveniles are exposed to the public at all times and often the Campbell firemen are registering people for voting while interviews are taking place. It is impossible for this police department to question some suspects or for them to answer the question because of the people who are listening in the meeting room. There have been times when suspects have been brought in for questioning while a public meeting was being conducted in the adjoining meeting room.

There are no sanitary facilities available for the Police department, other than those in the private quarters of the firemen, the entrance to the sanitary facilities being through the sleeping quarters of the firemen. There is no place available in our present quarters for meetings of the Campbell auxiliary police department or the regular police department and consequently arrangements have been made with the Rosemary school for regular meeting and schooling classes.

Our room provided for private interrogation is so cluttered with files for our department and the City Clerk's office and equipment that it is impossible to seat anyone there for the purpose of questioning.

The files in my office are very inadequate and at the present time are being used to take care of overflow files from the city clerk's office. There is no place to keep reports confidential before being typed and filed in our one locked file cabinet.

PROPOSED LOCATION:

The proposed location will provide a private office for the Chief, adequate office space for secretary and records, interrogation rooms, meeting room for policemen and auxiliary, holding cells and sanitary facilities for prisoners and patrolmen and also provides room to expand these various rooms and holding facilities for arrested persons if necessary. Parking facilities for members of the department will also be provided on this lot, thus eliminating the necessity of members of the department and auxiliary parking their cars on the street.

I believe that the proposed facilities will be adequate to take care of all the needs of this department for the next ten years and strongly advise the citizens of Campbell to vote YES on this bond issue so that the law enforcement offices of the City of Campbell can better serve the needs and requests of the citizens of Campbell.

✶ CITY CLERK OFFICE

Statement of Dorothy Trevethan, City Clerk

"The present office is entirely too small with two desks crowded into a space hardly large enough for one desk. A small counter serves the public and if more than two persons are standing at this counter the front door can not be opened. Also crowded into this small space is a duplicating machine and two five drawer files and bookcase. If one of the clerks is talking on the telephone and the other waiting on a person at the counter, the person on the telephone can not hear the persons she is talking with.

The proposed new office will give the clerk's office room in which to work and better serve the public in a more efficient manner. The clerk's office now is frequently interrupted by the passing of heavy road equipment alongside the windows making it impossible to hear on the telephone.

Another clerk is needed now in the office, but there is no space for her to work in. A part time clerk has been allocated in the budget, but none has been added to the staff because of lack of space, and two clerks are having a difficult time keeping up with the work.

I feel that the bond issue should be approved for the best interests of the citizens of Campbell and the employees.

✶ FIRE DEPARTMENT

Statement of Fire Chief Jack Scott

"The present fire house is crowded to a point where the fire department can not properly function. All excess equipment and hose is hard to gain access to because of other department's equipment being in the way. All night long cars pass by the windows of the firemen on night duty and he can not get his proper rest or sleep. As the fire house was originally designed for fire equipment and fire personnel, the present facilities are suitable if the city clerk's department, police department and maintenance department are moved out. An additional fire house on the west side is urgently needed and it is very necessary that the bond issue in its entirety, pass."

✶ STREET DEPARTMENT

Statement of LeRoy Black, Suprintendent

"Most urgent problem is lack of sheltered space for expensive equipment which now stand out in the open. There is no space to store parts for equipment, road materials, paints and other needed supplies. As an example, paint could be purchased for one year's use at a saving to the city, but unable to do so now as there is no space to store it. About the only equipment that is being stored in a sheltered space is small tools and equipment and even this is so crowded that it is difficult to get to the needed articles.

"Present building is 20 x 20, the tiny office is 8 x 6 with barely enough room for a small desk and chair, which takes up one end of it. The present building which is so crowded, is used as a shop to work on equipment. A shop is needed to do preventive maintenance work on equipment when there is time, instead of only emergency work that can be done now. During the rainy season this seriously hampers and delays the work of the maintenance department.

Parking space in and near present quarters is hopelessly inadequate. Employees and private citizens must often park several blocks away.

Office space will be needed for another desk and probably a clerk, also an occasional private citizen seeking information, and the present office space has only standing room for a second person. It would be too costly to install plumbing facilities for much needed lavatory. Maintenance Department employees must now use overcrowded facilities of fire station.

Proposed facilities will consist of building 80 feet long with space for a shop 15 x 22, storage shed, 10 x 22 and a sheet metal parking and storage space which will be open except for the roof and a side wall. There will also be attached office space, 15 x 22 containing a counter, office space and a lavatory. The proposed facilities will probably be adequate for the next ten years or so, but the plan is set up so that if needed, additional space can be added at a minimum cost. The new facilities will also contain a steel building away from the shop and office to store gasoline, oils, etc. The facilities will be surrounded by an 8 foot steel fence.

Other cities of comparable size have much more adequate facilities than Campbell. Mountain View has quarters somewhat more adequate than Campbell, although they have outgrown them and are now trying to acquire more adequate facilities. A similar situation exists in Los Gatos. Sunnyvale is equipped with adequate facilities. Of all those compared, Campbell is equipped with least adequate facilities.

"Le Roy Black states that he emphatically believes that the bond issue should be approved. The fire station needs the space now being used by the maintenance department."

✶ BUILDING DEPARTMENT

Statement of E. W. Morser, Superintendent

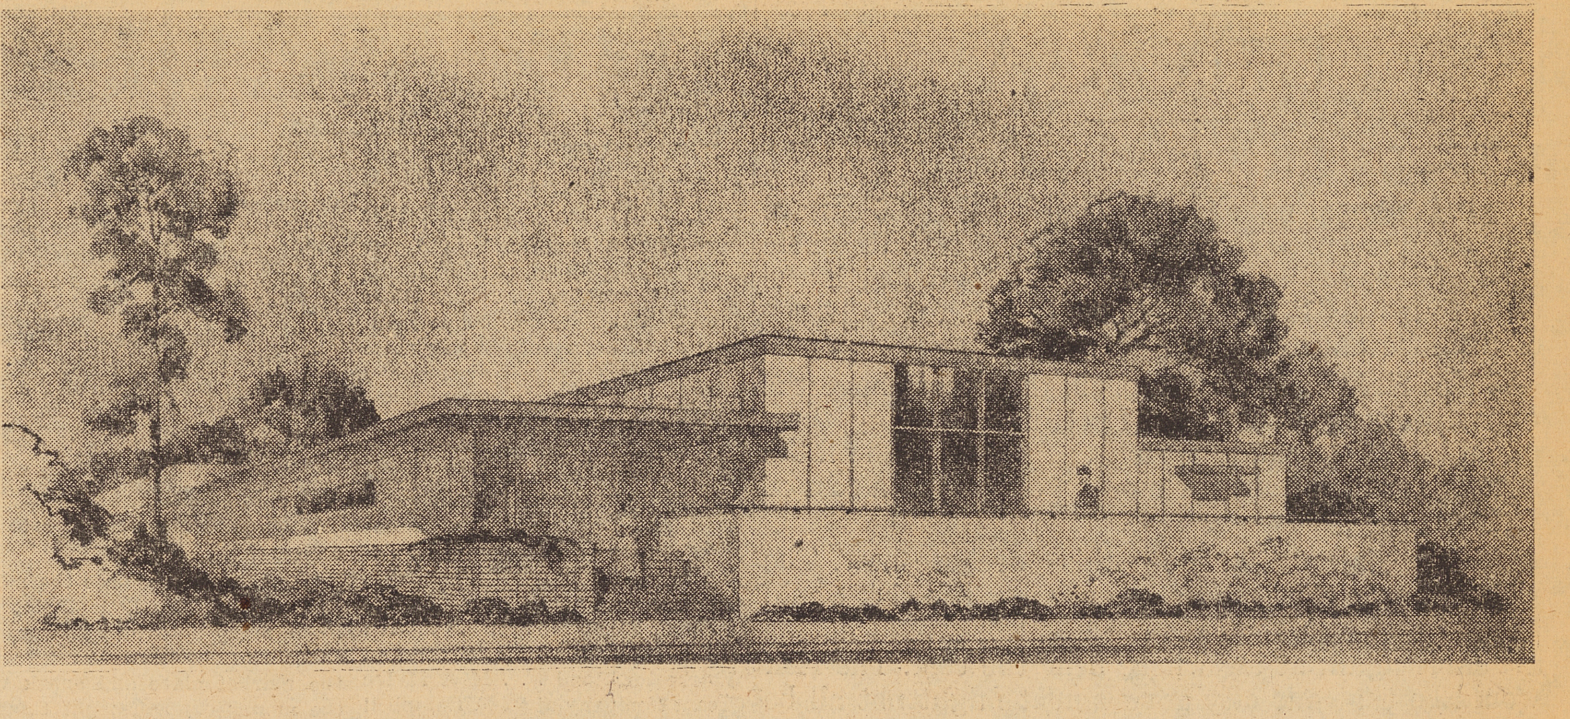
Temporary space now being used for this department is located several blocks from present city hall, which makes it necessary to make many time consuming trips and telephone calls to the city hall, which could be eliminated if this department were in the same building. The building inspector's office hours are from 8:00 to 9:30 A. M. and from 3:30 to 5:00 P. M., leaving the office unattended for the intervening time when private citizens find it necessary to contact him. It is essential to have an office where citizens may discuss matters with the building inspector in privacy, as they would be reluctant to discuss their problems within hearing of the general public.

A city hall large enough to accommodate all city offices in one building will certainly increase the efficiency of the city administration and result in a saving to the taxpayer.

Most cities of comparable size have much more adequate space and facilities for this department.

The proposed site of the city hall is an unusually good buy for the city, as it would cost at least $100,000 to build new facilities of the same size, at the present cost

A new city hall is absolutely imperative in order to properly administer the city government and keep up with the needs of this growing community, which approval of the bond issue would make possible.



This is the architect's concept of future development for the Campbell City Hall, pending approval by the voters next Tuesday of the bond election. The first steps as provided in the bond proposal are purchase of the Congregational Church property for $35,000 on Central Avenue, then $20,000 for interior alterations and some exterior changes, then the step from this development to a building as designed above would cost an estimated additional $20,000 to become available from normal annual budget reserves.

In the alteration plans resulting from the bond passage Tuesday, the present roof would remain, the churchlike window and gothic windows would be replaced with features as shown above, a modern heating and electrical system would be installed, and the interior would be completed with various offices and meeting rooms.

As designed above the cost of the land and the building, complete would be $75,000 according to Fred Marberg, architect, whereas if the same designed building were to be erected on a site to be purchased elsewhere, the building cost alone would be not less than $100,000, Marberg said.

The floor plan, which will be carried out with passage of the bonds Tuesday and remain the same in the building designed above, provides a 13.9x14 porch at left, with entrance to city clerk office 24x13, building inspector office entered from steps at extreme left or from an inside hallway, a 14x15.7 meeting room and two multipurpose rooms; center, with entrance from the porch is the 26x32.3 council room with foyer, rostum and adequate seating; while at right is entrance to police department with office and records and extra office with stairs leading down to a squad room, locker room, interrogation room, evidence room, storage and a holding cell"

The fire department will remain in its present facilities, but Proposition No. 2 calls for purchase of an available two acre station site and a station similar in design for the growing west section of Campbell. Proposition Three calls for a corporation yard available for a $5 per year lease where city owned equipment may be serviced and maintained.

VOTE YES FOR CITY BONDS

VOTE 'YES' ON ALL THREE -- MEASURES 'A' 'B' and 'C'

ELECTION TUESDAY, OCTOBER 18

LET'S GET THE JOB DONE NOW — AND SAVE $100,000

It Will cost more later on! These sites may never again be available!

San Jose State College's Speech and Drama Building cost $19.14 per square foot; Santa Clara County Health Center cost $18.65 per square foot and the Santa Clara County Civic Center Unit No. 1 cost $16.53 per square foot.

THE COST PER SQUARE FOOT FOR CAMPBELL'S NEW CITY HALL WILL BE $4.50 SQ. FT.

JOSEPH GOMES, Chairman, Citizens' Committee for Bonds

The Question

Certainly I want Campbell to have its own city hall, so that the fifteen employees can have the room and facilities to work efficiently. But what is it going to cost me as a taxpayer? I realize the fire station on Central Avenue was never intended for the use it is being given now and that especially, the police should have some privacy in their work away from public meetings.

There are hundreds of our young people in the two schools at Winchester Road and Campbell avenue, any one of whom might be injured by fire trucks summoned to the West part of the city, the section that is growing most rapidly. There has been feeling expressed many times for some park or recreation facilities, and this could come with the purchase of a two-acre fire station site in the west section. But what is that going to cost me as a taxpayer?

What's a corporation yard? It is the place for repairing city-owned equipment, a storage place and housing for city-owned cars. I know there is not enough room for these things at the rear of the fire station, so perhaps a site away from the downtown section, that is available for five dollars a year, would be better suited—but it is going to take some $10,000 to put up the proper facilities. Can I afford my share of that cost as a taxpayer? Can I, as a taxpayer, afford my share of the $55,000 cost of the city hall, and of the $35,000 for the west side fire station?

VOTE 'YES' FOR CITY BONDS

The Answer

There are three methods of financing capital improvements and of these, the general obligation bonds seem best because it spreads the cost over the useful life of the facility. That gives the taxpayer the privilege of enjoying the facilities by paying only his fair share of the cost.

Based on present assessed valuation, the added tax needed to amortize the bonds on a twenty-year, 2% basis, would be 10.1 cents per hundred dollars assessed valuation for the first year, graduating downward to 7.4 cents per one hundred dollars assessed valuation for the twentieth year. However, the assessed valuation of our city has been increasing by approximately $750,000.00 per year since its incorporation. Assuming that the assessed valuation continued to increase at the rate of $750,000.00 per year, and further assuming the sale of twenty year bonds at a 2% interest rate, the tax required to amortize the bonds in the first year would be 9.5 cents per one hundred dollars of assessed valuation and graduating downward to a tax of 2.35 cents per one hundred dollars of assessed valuation for the twentieth year. If the bonds were so drawn that a uniform tax rate was imposed to amortize the bonds, such a uniform tax rate would be 4.35 cents per one hundred dollars assessed valuation for each of the twenty years.

Translating this tax rate into dollars and cents so far as the average taxpayer is concerned, a tax of 4.35 cents on the average home with an assessed valuation of $4,000.00 would cost the owner thereof only $1.74 for the year, or less than one-half cent per day.

This will provide for the three facilities—a city hall, a fire station on the west side and a corporation yard.

VOTE 'YES' FOR CITY BONDS

✶ PLANNING COMMISSION

Statement of Hollis Logue, Chairman

EXISTING:

"Present facilities consist of existing meeting room and hose drying room for Campbell Fire Department. This room is adjacent to and opens upon the Campbell Police Department office, booking desk and interrogation room. There is no place available for informal meetings of the Planning Commission and we have been interrupted from time to time with police calls and arrests. The Campbell Fire Department business phone is also located in this room and rings quite frequently during meetings. All files for Planning Commission business are kept in the City Clerk's office in the front of the fire department and when various files and cases have to be referred to there is sometimes quite a delay in the meeting while the office and files are opened and the required information obtained.

PROPOSED

"The proposed new meeting room and office facilities will greatly facilitate the handling of requests presented to the Planning Commission. There will be space for filing of current and closed requests and applications, storage of maps, adequate meeting and seating facilities for members of the commission and those appearing before the commission.

"I believe that the proposed church facilities will accommodate any groups or organizations in connection with city planning that may arise in the next 15 years."

There have been times when the seating capacity of our meeting room has not been adequate to accommodate the audience.

EDITORIAL

LET'S GET THE JOB DONE . . . NOW !

It is almost unbelievable that some 8,000 square feet of floor space for a public building is attainable today for as low as $4.50 per square foot. This is the day of paying $15 to $19 per square foot for buildings of a public nature.

Yet right here in Campbell, the voters have the opportunity next Tuesday of getting a building, thoroughly inspected and approved as sound, with all the necessary alterations for modern offices, at a cost of $4.50 or less per square foot.

There is no risk about this purchase now. The risk would be if it is not attained now. The risk would be that a site in the area such as this would not be available again at anywhere near the cost. The risk would be that our city government might not all be centralized. The risk would be that we might never get a site in the west end for a fire station without resorting to condemnation proceedings, and only then at a vastly higher cost. The risk would be that the Board of Underwriters, cognizant that we are doing nothing to provide adequate fire protection in a rapidly growing area, will rule that insurance rates in Campbell be higher. The risk would be that one piece of fire equipment will continue to remain outside and be subject to the elements because there is no housing, and it will depreciate in value. The risk will be that we will have no place for storing supplies available at lower costs when bought in quantities.

Campbell needs a new city hall . . . now. Mr. and Mrs. Campbell, won't you accept the invitation of the city government to visit the city hall on Saturday afternoon and see for yourself the cramped conditions under which some fifteen employes must work?

The city council has deliberately planned these bond measures as economically as possible. Yet the city hall, the fire station and the corporation yards, individually and collectively are exceptionally sound and adequate investments.

Campbell is a city of sound stability, adequate resources and a well-knit fabric of human friendliness. You see this at the high school and in the grade schools where our citizens of tomorrow are so proud of their public buildings and what they mean to the community.

A city hall is as much for them as it is for the voters of today. Let's give Campbell sound financing for needed public buildings. Let's get the job done . . . NOW and save $100,000 additional cost for the same necessity later on.

VOLTAIRE GOES TO LONG BEACH

In setting forth the classic description of the right to dissent, Voltaire sparked a tenet of liberty which has been burned into the American philosophy: "I disapprove of what you say, but I will defend to the death your right to say it."

In the heat of the Long Beach-State of California tidelands battle, the Frenchman's trenchant statement is worth remembering.

Doubtless many valid contentions can be extended in behalf of both the State and the City. But certainly the right of either body or any other interested party to defend its honest position shouldn't be at issue. Yet in the haste and heat of the moment, a silly ruckus has been stirred over the propriety of the Southern California Gas Company protecting its legitimate interest in the matter.

What understandably has the gas company on the alert is the fact that Long Beach is trying to annex adjacent territory that now is served by the Company—and is using the lure of lower taxes and lower gas rates to make the offer attractive. The cheap rates quite clearly result from the City's receipt of tidelands revenues. Without the revenues the rates in all probability wouldn't be low, annexation to Long Beach wouldn't be so inviting, the gas company might save itself some customers.

The Allen bill was quite a bomb shell to Long Beach and they just can't get over making funny pictures about our Bruce. But really there isn't anything funny about it. The tidelands oil returns belong to the people of the state who voted for them, or do they? As Voltaire would have it: let the contest go on.

THE HOME AND THE CAR

Look out on the highway from your home at the many new cars rolling along. Look out from your car window at the many new homes growing like mushrooms. Economic conditions must be good to foster this. They are counting school house sites for the future, and the figures for anticipated new homes within a ten-mile radius of Campbell exclusive of San Jose, are almost unbelievable except that we are living that growth here right new.

It is a changing era. New cars and wider highways make nomads of people. New homes with all sorts of conveniences unheard of just a few short years ago create a desire to settle down where jobs are to be had and the climate is pleasant. Of the two, we feel that ownership of a nice home is the better.

The home is the keystone of the family structure. bulwarked by adequate insurance and a reserve fund in the bank.

The Campbell Gambol

NEW FACES In business and professional places about Campbell . . . William O'Neill right from the ol' sod in Ireland and England here to practice medicine with Dr. McNeff . . . Carl Olson from Oakland the new owner-manager of Western Auto Supply store at 50 East Campbell avenue and looking around for a comfy home here for himself and wife . . . . Harley B. Robertson and J. H. Chrestman who are reopening the market at 79 South Winchester Road under new name of Home Market both from Richmond . . . the Lee Brothers, Bob and Bill, who are opening another of their popular stores in the bay area in Campbell, soon at Latimer and Winchester Road . . . M & M Ice Cream Company at 22 E. Campbell avenue again under management-ownership of Nora M. Mintkenbaugh.

NEWSPAPER WEEK Was observed last week and a lot of editors turned out routine articles of what freedom of the press means, but we liked best the one turned out by apple-cheeked Bill Youngs, the imaginative lad with the San Carlos Enquirer who wrote:

"Your columnist has received considerable unwarranted praise for an item which appeared here a few weeks ago concerning the troubles of an editor, written in language of Biblical times.

"It was pointed out at that time that the piece was originated in a Castle Rock, Washington newspaper back in 1915, but some of my "fans" must have overlooked that. I wish I had written it. If I had, it might have gone something like this:

"In the beginning the weekly publisher createth a 24-page paper. This is Friday and the next six days he resteth.

"By great miracles the space sellers filleth up half the sheets with advertising.

Then saith the publisher to the editor:

"Go thou, slave, unto the multitudes. Take thy little tablet and make many notes of the words of wisdom of the lawmakers; go into the market place and speak with the money changers; get thou all the news of the city and write thou 50 galleys. Or thou art fired."

"So the editor laboreth from morn until night to keep four printers earning their pay. He writeth many parables and spelleth names with great care and looketh up addresses in the phone book and words in the dictionary. And, lo, Mr. Bell and Mr. Webster are often wrong!

"He sitteth among the lawmakers and stayeth awake with great courage and telleth of taxes which will bring weeping and wailing and gnashing of teeth for the citizens.

"He bendeth an ear on the telephone as he listeneth to the woes of the people and with much diplomacy sootheth their ire. He weareth out shoe leather as he trampeth the streets in the market place. He weareth out his car as he diligently journeyeth from place to place.

"And he weareth out the patience of his wife as his meetings goeth into the wee hours or as he has visions and talketh in his sleep.

"And, lo, when Thursday cometh, he riseth at 4 a. m. and flees to the office. And until press time he readeth much proof, writeth late stories, openeth the mail, editeth items due on Monday from correspondents and publicity chairmen, doeth profound editorials, sootheth the temper of the composing room foreman as he see-eth the overloaded hooks and, finally, with loving care, he dummyeth a front page of great beauty.

"And, lo, when the pages are being made up nothing fitteth. And the front page is not in the likeness of the dummy.

The editor pulleth his hair and lighteth a cigaret and swalloweth another aspirin. The publisher pulleth his hair and watcheth the clock. The foreman pulleth his pencil and writeth down overtime.

"After awhile the paper becometh published. The newsboys delivereth it to most of the subscribers. The editor goesth into hiding for the rest of the day.

And, lo, on the morrow the garbage man findeth the paper wrapped around fish heads."

TWO CAMPBELL CLUBS ENDORSE COUNTY BONDS

Campbell Country Woman's Club and Campbell Lions lub are listed among the 52 civic organizations that have endorsed the Santa Clara County Bonds to be voted October 25. Public tours are being made between 2 and 3 o'clock daily for interested persons and organizations of the jail, juvenile hall and county hospital.

Annual Variety Show For School Full Of Gaiety

Kenneth Wallace, drama director at Campbell High School said today the Annual Varieties to be presented November 4 and 5 will be gay and that its theme will be "Through the Years with Show Business". It will review 55 years of theatre with emphasis on the five greatest years, with musical numbers and scenes from best plays.

The music department, under Frank Triena, the dance department under Virginia Jennings and the drama department under Wallace will work together to make this an outstanding production.

Woman Attorney To Teach Bible Class At Church

Mrs. Dean Lawrence, high school teacher on leave of absence has been secured as the teacher for the Adult Bible Class of the First Methodist Church. Sessions of the class will be held each Sunday morning from 10 to 10:50 in the Church Library.

Mrs. Lawrence will bring to her new task many teaching skills and wide experience gained as a practising attorney-at-law in San Francisco, and from years as a mathematics teacher in the Oakland public schools. She now resides at Rancho Rinconado. The adults of the church will find this class a most stimulating new experience in adult education.

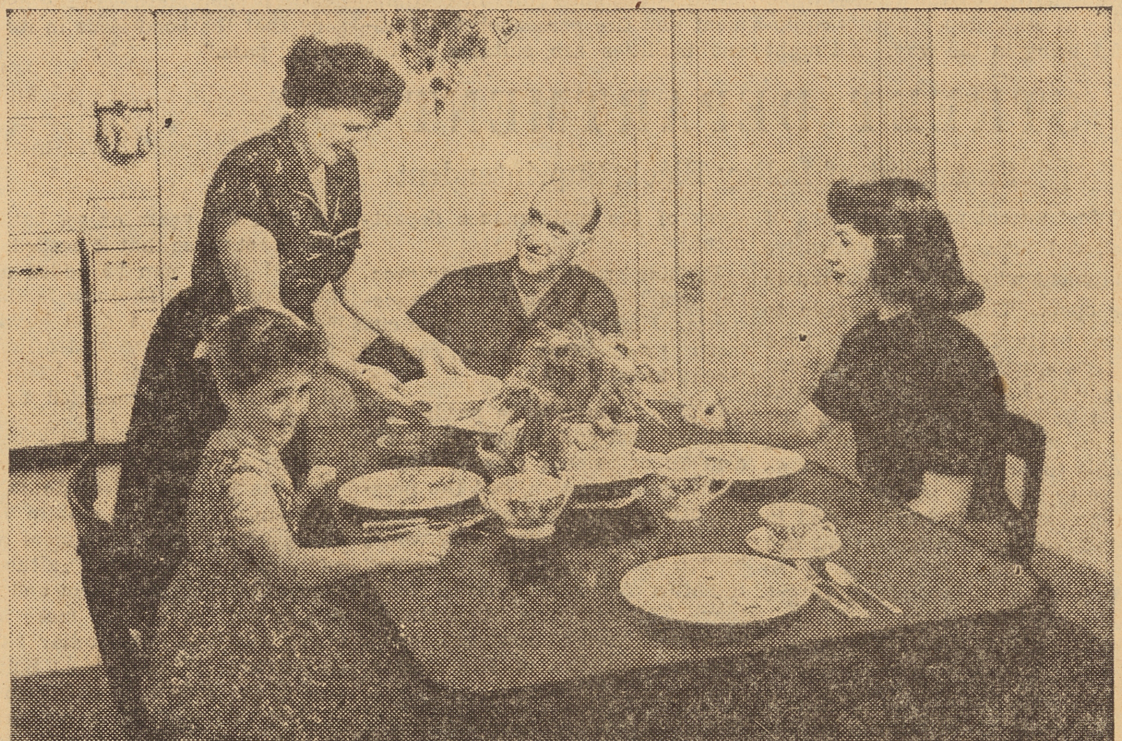
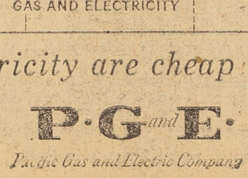
Meet the Gillums
who set up housekeeping
in San Leandro in 1935
20 YEARS AGO—when Grover and Beatrice Gillum were married, they had just three appliances in their first home: waffle iron, electric iron, toaster.
TODAY—the Gillums and their daughters, Linda and Gale, have 16 appliances, including: automatic washer, vacuum cleaner, gas range, refrigerator, radio, television, sewing machine, infra-red lamp, gas water heater and gas furnace.



Today they buy $14 worth of gas and electricity for $10
...for the average unit cost is about ⅓ less than it was in 1935
The average California family today uses three times as much gas and electricity as it did twenty years ago.
And, like the Gillums, you're probably using more gas and electricity as you add more appliances and lighting to your home.
As a result, your bill may be higher. But it is far lower than it would have been twenty years ago. For the average cost of a unit of gas and electricity is down about one-third, compared with 1935. Thus, the Gillums' gas and electric bill in a recent month was $10.03. In 1935, the same amount would have cost $14. Your own bill would probably show similar savings.
Can you think of any other prices that are lower today than 20 years ago? *No wonder we say . . .*



Gas and Electricity are cheap in California!

Pacific Gas and Electric Company

FOOD CENTER GRAND RE-OPENING

Maderis Food Center, completely redecorated, remodeled, and stream-linde, at 10 E. Campbell avenue is having a grand re-opening Thursday, Friday and Saturday.

When new owner Vince Vellelunga took over the Food Center August 1st, he announced a complete remodeling job for this ten year old store, and work has been in progress ever since, although business has gone on as usual.

Now with this grand re-opening, Vince wants all his friends and neighbors to come in this weekend and see what has been done. The treats are on Vince. There will be free orchids for the ladies, balloons for the children and merry-go-round rides in the parking lot.

Vince says If you're not present Friday and Saturday, you'll really miss some big doings. There'll be a master of ceremonies, music, and bags and bags of groceries given away.

Customers will find that the meat department has undergone the biggest changes at Vince's remodelled store. Floor space has been extended fifteen feet, with a new twenty foot refrigerated meat case installed. Two first class butchers are on hand who will cut to order the wide variety of top grade meat being offered.

The self-service case holds a tempting array of delicacies—a full line of cheeses, cold meats and snack items.

Produce will always be fresh and crisp at this Food Center, where there is a new thirty foot refrigerated produce case to make these products even more desirable.

Vince has improved on the frozen food department, where is has installed two new deep freezes, as well as factory-fresh ice cream cabinet.

There is also a new drug and cosmetic section, which offers a wide selection of brand names in quality merchandise.

Organ Concert At Cambrian Church

The combined Cambrian and Steindorf Schools had a teacher reception Wednesday evening in the Camden High School auditorium attended by more than 400 as faculties of both schools were introduced by Mrs. William Knight, Home and School Club president.

Instrumental numbers were rendered by Donna and Diana Fammatre and Carol Bridges who were introduced by Mrs. Glen McCune. The trio are from Camden High under music direction of Richard Gordon. The group approved a fashion show instead of a Christmas bazaar early in December.

Delos Bagby, school superintendent, talked on coming bond election on November 8 for a new school and additions to others, while Leslie Norberg gave a progress report on growth of Steindorf school. Mrs. George Ross and Mrs. Lois Berryman discussed merits of separate Home and School clubs for the two schools, contending both parents and children would benefit from their own clubs.

JET CADETS MEET

Rev Don Hillis returned missionary from India, will be guest speaker at the Morning Worship Service 11:00 a. m. this Sunday at First Baptist Church of Quito Park. Rev. Hillis served for many years in India under The Evangelical Alliance Missionary Society. He is currently affiliated with "Orient Crusades" which is directed by his twin brother, Dick Hillis.

Bible School for all ages will start at 9:45 a. m.

The Teenagers and Jet Cadets (ages 6 to 12) will meet at 6:30 p. m. for special programs. The Evening Service starts at 7:30 p. m. with the pastor, Herbert J. Hoover, bringing the evening message.

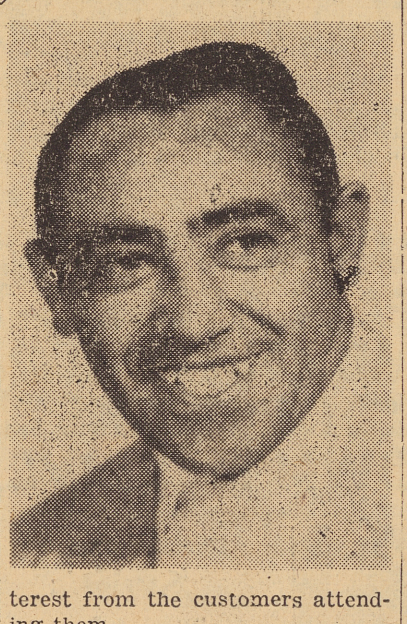
LEE BROS. TO FEATURE RADIO SHOW AT BREAKFAST FRI. SAT.



Joe Gatti, Merchandising Supervisor for Lee Bros, announced a special Chuck Wagon sale at Lee Bros. "Smiling Service" Store at 444 N. Santa Cruz Avenue, Los Gatos will be the William Perry Radio Food Quiz conducted by master of ceremonies, Dave Stone, over station KEEN, 1370 on the dial, Friday and Saturday. These shows will be participation programs in which the customers of Lee Bros store will be interviewed over the air and given food prizes for their right answers to food questions. The shows have been broadcast all over Northern California for special food events and have attracted a great deal of interest from the customers attending them.

Guest stars appearing at the Lee Bros. Market Friday and Saturday will include "Big" Jim DeNoon, star of KNTV and KEEN, Jack La Lanne, noted physical culturist, and Chat Stock, Canada's famous yodeling cowboy. Big Jim DeNoon will appear from 10-12 A. M. Friday and Saturday to participate on the Food Quiz Show with Dave Stone during which times he will entertain the customers with his famous fiddle and guitar. Jim has a daily television show over the new channel 11 KNTV from 4 to 6 P. M. known as the Bar Eleven Ranch. He also is featured on KEEN daily for 12 to 1 P. M. on the Big Jim DeNoon Show. During the years he has become well known for his ability to play eighteen instruments well and for his unique manner of playing some of them. Jim is currently recording for Four Star Records and is doing several coast to coast radio shows with Jimmy Wakely.

Jack La Lanne will appear at Lee Bros Los Gatos Store Saturday from 11 to 12 A. M. during the Radio Quiz. Jack La Lanne has long been known as a leading authority in the field of physical culture and his own marvelous physique is an example of physical perfection. His daily television show on KGO-TV Channel 7 has attracted many new enthusiasts for developing strong, healthy bodies through physical culture techniques. Jack has received much acclaim for his work in this field, including appearing on the cover of Life in April 1942 featured in a series of movies, appeared on Art Baker's You Asked For It television program doing 1000 push ups in 23½ minutes, as well as having toured the large cities of the United States, Mexico, and Hawaii.

Chat Stock, better known as Chatterbox Stock, a western star from Canada who has gained fame for his yodeling and his song writing will also be at Lee Bros. Friday and Saturday entertaining on the William Perry Food Quiz.

Lee Bros. Store in Los Gatos will be the scene of much activity entertainment, and the appearance of famous stars of Television and Radio. A breakfast is planned for everyone who comes to the market Saturday morning from 9 A. M. to 12 noon with everything from eggs to sausages. It promises to be one of the biggest events ever held by a super market in this area.

Legion Auxiliary Plans Card Party

A public card party has been scheduled by Campbell Legion Auxiliary on Wednesday evening, October 26 in the I. O. O. F. building here, with Mrs. Olive Strickland, president, as general chairman. Mrs. Louise Fairchild is to be refreshment chairman while Mrs. Anna Hedegard is in charge of prizes.

Card tables purchased last Spring are to be used for the affair.

ORDINANCE NO. 83

AN ORDINANCE OF THE CITY OF CAMPBELL, COUNTY OF SANTA CLARA, STATE OF CALIFORNIA, AMENDING SECTION 19:84, ORDINANCE NO. 43 OF SAID CITY, BY AMENDING THE "ZONING MAP OF THE CITY OF CAMPBELL", WHICH SAID MAP CONSISTS OF CERTAIN "SECTIONAL DISTRICT MAPS OF THE CITY OF CAMPBELL" AND AN "INDEX MAP" TO SAID SECTIONAL DISTRICT MAPS, SAID ORDINANCE NO. 43 BEING AN ORDINANCE ADOPTING A ZONING OR DISTRICTING PLAN FOR SAID CITY WITHIN WHICH CERTAIN REGULATIONS SHALL BE IN EFFECT RELATING TO THE USES OF LAND AND BUILDINGS, HEIGHT LIMITS OF BUILDING, AND YARDS AND OTHER OPEN SPACES ABOUT BUILDINGS: REQUIRING THAT CERTAIN PERMITS SHALL BE SECURED FOR CERTAIN OF SUCH BUILDINGS AND USES: DEFINING CERTAIN TERMS USED HEREIN: REPEALING ALL OTHER ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH, BEING ARTICLE IX, ENTITLED "PLANNING, ZONING AND SUBDIVISION REGULATIONS", OF CAMPBELL MUNICIPAL CODE.

The City Council of the City of Campbell does ordain as follows:

SECTION 1. Sectional District No. 3 of the Zoning Map of the City of Campbell, which said map was adopted as a part of Ordinance No. 43 of said City together with any amendments thereto, is hereby changed and amended by substituting for Sectional District No. 3 as shown on said map, as amended, a new Sectional District No. 3, a map of which said Sectional District is attached hereto and entitled "Amended Sectional District No. 3 of the Zoning Map of the City of Campbell."

SECTION 2. Sectional District No. 3 as shown upon the Zoning Map of the City af Campbell as the same was adopted as a part of Ordinance No. 43, as amended, of said City is hereby repealed.

SECTION 3. The exterior boundaries of Sectional District No. 3 of the Zoning Map of the City of Campbell are shown on that certain map entitled "Index Map to Sectional District Maps, Zoning Map of the City of Campbell", which said Index Map was adopted as a portion of Ordinance No. 43 of said City of Campbell on the 16th day of November 1953, together with any amendments which may have hereafter been made, which said Index Map to Sectional District Maps is referred to in Section 19:84 of said Ordinance No. 43.

Passed and adopted this 10th day of October, 1955, by the City Council of the City of Campbell, California, by the following roll call vote:

Ayes: Councilmen: Arends, Chargin, Rose, Morton
NOES: None
ABSENT: Daum.

SECTIONAL DISTRICT MAP
ZONING MAP OF THE CITY OF CAMPBELL
COUNTY OF SANTA CLARA, STATE OF CALIFORNIA

THIS MAP CONSTITUTES SECTIONAL DISTRICT NO. OF THE ZONING MAP OF THE CITY OF CAMPBELL, COUNTY OF SANTA CLARA, STATE OF CALIFORNIA. THIS MAP CORRESPONDS TO THE INDEX MAP OF SECTIONAL DISTRICT MAPS AND AMENDS SECTION 19:84 OF ORDINANCE NO. 43 OF THE CITY OF CAMPBELL BY AMENDING SECTIONAL DISTRICT MAP NO. 3 OF THE ZONING MAP OF THE CITY OF CAMPBELL, COUNTY OF SANTA CLARA, STATE OF CALIFORNIA.

INDEX MAP
TO SECTIONAL DISTRICT MAPS OF THE ZONING MAP OF THE CITY OF CAMPBELL, COUNTY OF SANTA CLARA, STATE OF CALIFORNIA.

This Index Map constitutes an amendment to Section 19:84 of Ordinance NO. 43 of the City of Campbell, County of Santa Clara, State of California by amending Sectional District NO. 3 to the index map of Sectional District Maps of the Zoning Map of the City of Campbell.

NOTE
•••• Denotes Sectional District Boundary as defined in Section 19:82 and 19:83 of Ordinance NO. 43, as amended, of the City of Campbell.

NOTE
▬ Denotes District Boundary as defined in Section 19:82 and 19:83 of Ordinance NO. 43, as amended, of the City of Campbell.

We hereby Certify that the City Planning Commission of the City of Campbell, County of Santa Clara, State of California did on the day of ,1954, adopt by resolution this amended Sectional District Map of the Zoning Map of the City of Campbell, County of Santa Clara, State of California.

Chairman — Secretary

We hereby Certify that the City Council of the City of Campbell, County of Santa Clara, State of California did adopt this amended Sectional District Map and accompanying Index Map as a part of Ordinance NO. 83 of said City on the 10 day of Oct, 1954.

Mayor — City Clerk

LEGAL NOTICE

CAMBRIAN SCHOOL DISTRICT CONSOLIDATED SPECIAL BOND ELECTION AND SPECIAL APPORTIONMENT AUTHORIZATION ELECTION NOTICE

NOTICE IS HEREBY GIVEN to the qualified electors of the Cambrian School District of Santa Clara County, State of California, that in accordance with the provisions of the Education Code of the State of California governing such elections, a special bond election and a special apportionment authorization election have been called to be held and the same will be held at the places hereinafter designated in said Cambrian School District of Santa Clara County, State of California, on Tuesday, the 8th day of November, 1955, from the hour of 7:00 o'clock A. M. of said day until the hour of 7:00 o'clock P. M. of said day, during which period of time the polls will be kept continuously open, at which time and places there will be submitted to the qualified electors of said Cambrian School District of Santa Clara County the following propositions:

PROPOSITION NO. 1

Shall the Cambrian School District of Santa Clara County incur a bonded indebtedness in the sum of Three Hundred Thousand Dollars ($300,000.00) for the purpose of raising money for the following purposes (which are hereby united and shall be voted upon as one single proposition), to-wit:

The purchasing of school lots.

The building or purchasing of school buildings.

The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.

The repairing, restoring or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.

The supplying of school buildings with furniture or necessary apparatus of a permanent nature.

The permanent improvement of the school grounds.

The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to-wit: Providing sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property.

PROPOSITION NO. 2

Shall the Governing Board of the Cambrian School District of Santa Clara County be authorized to accept and expend an apportionment in an amount not to exceed One Million Eight Hundred Thousand Dollars ($1,800,000.00) from the State of California under and subject to the provisions of Chapter 19 and/or Chapter 23 of Division 3 of the Education Code, which amount is subject to repayment as provided by said Chapters?

Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent (5%) per annum, which interest shall be payable annually for the first year said bonds are to run and semi-annually thereafter.

The number of years the bonds, or any series thereof, are to run shall not exceed 25 years from the date thereof or the date of such series thereof.

That the special bond election hereby called has been and the same is hereby consolidated with the special apportionment authorization election hereby called within the territory, affected by said consolidation, to-wit, the Cambrian School District of Santa Clara County; that the election precincts, polling places and voting booths shall be the same, and only one form of ballot shall be used thereat which shall be in the form provided by the Board of Trustees of said Cambrian School District of Santa Clara County for use at said consolidated special bond election and special apportionment authorization election on which shall be set forth the propositions hereby submitted to the qualified electors of said school district. That the election officers shall be the same for each election and that said elections shall be held in all respects as if there were only one election.

That the polling places hereinafter mentioned are hereby designated and selected by the Board of Trustees of the Cambrian School District of Santa Clara County as the places within said Cambrian School District of Santa Clara County, State of California, where such election must and will be held.

For the purpose of holding said election, the Cambrian School District shall be and it is hereby divided into two (2) special election precincts, numbered 1 and 2, respectively, and the persons hereinafter named, being competent and qualified electors of said school district, are hereby appointed officers of election as hereinafter designated, to serve in their respective special election precincts as hereinafter set forth, and said officers of election shall conduct said election and make returns thereof pursuant to law.

The voting precincts, polling places, and election officers, duly designated and appointed are as follows:

SPECIAL ELECTION PRECINCT NO. 1

shall include all those portions of County Election Precincts: Cambrian 1, 2, 3, 4, 5, 6, 7, 8, 9, 11; Campbell 1, 6; Walnut 2, 3, 4, 5, lying within the boundaries of the Cambrian School District.

POLLING PLACE therein shall be at the Cambrian School, 481 East Casey Road, Campbell, California.

OFFICERS OF ELECTION for said Special Election Precinct:
Inspector: Genevieve N. Helmbold
Judge: Wanda P. Luhring
Judge: Evelyn M. Nigl

SPECIAL ELECTION PRECINCT NO. 2

shall include all those portions of County Election Precincts: Cambrian 12, 13; Robertsville 2, 3; San Jose 223, 224, lying within the boundaries of the Cambrian School District.

POLLING PLACE therein shall be at the Steindorf School, 13901 Ross Avenue, Los Gatos, California.

OFFICERS OF ELECTION for said Special Election Precinct:
Inspector: Joanne Smith
Judge: Grace Gillis
Judge: Marie Venechonas

Each quailifed elector of said Cambrian School District shall be entitled to vote only in the Special Election Precinct of which he is a resident.

The Governing Board of the Cambrian School District shall meet on the seventh day after the election at its usual meeting place, to-wit, the Administrative Office of the Cambrian School, 481 East Casey Road, Campbell, Calfiornia, at the hour of 8:00 o'clock P. M. and publicly canvass the returns.

The said election is to be held in accordance with the provisions of the Education Code of the State of California, governing said elections.

IN WITNESS WHEREOF, we have hereunto set our hands this 4th day of August, 1955.

W. C. SARTORETTE
JACK M. FARNHAM
MONTE G. ESTABROOK
GARLAND BACHMANN
NORMAN B. HOUGE

Campbell To Have 43 At San Diego Confab, Kiwanis

By car, train and plane some 43 people from Campbell will leave this week end for San Diego where they will attend the four-day convention of Kiwanis International representing the California-Nevada-Hawaii district.

Members and wives who have signed to attend this 35th annual convention from Campbell are: Messers and Mesdames, Joseph Agostinho, Dave Sanders, William Henley, Joseph Gomes, Ted Stivers, Rex Jeffers, Norman Corvello, Henry Jewell, Ethan Lanphear, Everett Nelson, Lowell Benson, Merle Dodd, Clarence Nelson, Lloyd Nelson, Milton Nelson, W. R. Morgan, Ray Mathis and Oliver Jensen; Messers Carl Field, Howard Atkinson, Fred Jones, Guy E. Farley, Ray Bishop, Laurance J. Hill and Joseph Dahl.

Square dancing for beginners is a new class being sponsored by the Rosemary Home and School Club on every Tuesday evening at Rosemary School with Ken Clark as caller.

REPUBLICAN GROUPS STUDY BOND ISSUE

The Campbell, Willow Glen and San Jose Republican Assembly units are to meet next Thursday evening in Willow Glen Grammar school, Lincoln and Minnesota streets for a non-political discussion about County bond election.

JUNIOR BUCS IN TIE

The Campbell Junior Varsity football team battled to a 6-6 tie with Willow Glen Jay Cees Thursday here, both teams scoring touchdowns in the second period. A 34-yard pass by Jim Corbus to Lee Yamada scored first for Coach Wade Wilson's Junior Bucs.

INK STAINS

By HELEN McLEOD

Moreland and Union are two of the areas in the Campbell Union High School District which participates in the County's outdoor educational and elementary school camping held spring and autumn at San Jose YMCA'S Camp Campbell. Cambrian School formerly had its 6th graders take part in this outdoor classroom program, and is again on the list when vacancies occur in the Spring.

Primitive camping is not offered at Camp Campbell, located near Boulder Creek. Session averages 110 children. Two or three students from each school share a cabin, which houses about 7 or 8, including the adult counselor. There are bunk beds, mattresses, and some have, in addition, overstuffed furniture. The boys' cabins are in a separate area, and are slightly more rustic than the girls' cabins.

A large building has a dining room in one section where each cabin group eats together and is responsible for setting the table and doing its own dishes. The other section of the building has benches where the children nightly view educational movies, and, on one night, have a square-dancing party. This area has a very comprehensive exhibit of live animals, either caught locally, or borrowed from San Jose-Santa Clara Junior Museum in Alum Rock Park. From the latter place comes such living creatures as the tarantula, skunk, and owl. The gopher snake has a little note on its cage which says it is "one of the best snakes to have as a pet." An aquarium has a large trout caught in the stream, where the children also go boating.

Other recreational activities offered are swimming in a large, heated pool, archery, horseshoes, volleyball and hiking.

Camp director and co-ordinator is Elwood Mitchell, who, when the camp commences to function about the middle of April, returns to his regular duties of physical education supervisor in the county superintendent of school's office. This year's camping will continue until Nov. 4, and there is a need for more women to come up and help in the cabin areas. Any housewife, without experience and who likes children, may qualify for this position, and one may bring along preschool children, if necessary. Room, board, transportation and $40 a week is offered.

Mrs. Esther Griggs, program director, is on hand for each five day session. She and her husband, Paul, live in Moreland district on Williams Road. They have four daughters, one of whom, Leota, is married to Ivan Pokreski, a member of the Armed Forces. The Pokreski's live in the State of Washington, and have a 14 month old daughter, Louise, and a new baby, Lee Ann.

Robert Long, a school teacher, is also assistant program director and naturalist. It is he who takes a different busload of boys and girls on field trips to the Redwoods and Santa Cruz, where a study is made of trees, bushes, and sea animals gathered for further examination. His wife, Harriett, is craft director, and this couple has their two pre-school boys with them at camp.

Max Averitt teaches conservation, and throughout the rest of the year is a commercial artist, with his specialty being silk screen painting for aquariums. Mr. Averitt shows the Camp Campbell students places where damage has been done to the living things, roots exposed, erosion, and how to repair and check such things.

Mrs. Winnie Meek and her two year old daughter is one of the mothers who has been assisting at Camp Campbell. Her husband, Bob, is a 6th grade teacher at Moreland.

Little League Ball Park For Steindorf School

A proposal to allow construction of a Little League ball park at the Steindorf School was approved by the Cambrian District School board at the regular meeting Thursday. Board also extended completion date one month for the Bagby School, previously scheduled for January 1956 completion.

The master plan of school locations prepared by the Santa Clara County Planning Commission under Karl Belser, as requested originally by the Cambrian School Board, was presented to the school board for consideration. The plan shows the school district boundaries, the proposed future school locations, the present approved school sites, and the existing schools. The entire plan is divided into eight school plan areas, with schools located within these areas.

The study contained a table of the number of families estimated when the school district is fully developed as well as the schools that will be required for the number of pupils at full development of the Cambrian School District.

The present population of the School District is estimated at 9,500 persons; an increase of 5,535 since 1950. The ultimate population of the Study Area, which includes certain small portions of adjoining school districts, is estimated at 45,000 persons, based on the general plan of development for the area.

Congregational Church Plans Many Activities

Many varied activities have been planned for the members and friends of the Campbell Congregational Church during the month of October.

On the evening of October 16, at 5:30 P. M., a potluck dinner will be served, after which Miss Adelaide Martin will speak and show pictures of Malay. Born in Malay and educated in the U. S. she is presently teaching at the Ming Quong Home in Los Gatos.

On Sunday evening, October 23, Mrs. Minnie De Reschke will give a song recital in the church. She will be assisted by her husband, Oscar De Reschke, who is also a member of the choir, and Dr. and Mrs. Clifford Hanson, at the organ. Proceeds from the concert will go toward the church building fund. The public is invited to attend.

The Pilgrim Fellowship group of young people will hold their annual retreat in a mountain home above Saratoga beginning Friday evening, October 14, and will return Sunday, October 16. Activities will include hiking, games and discussions.

LEGAL NOTICE

Camp Fire Girls Plan Hallowe'en Party For Vets

Campbell Camp Fire Girls Leaders' Association held its first Fall meeting last Thursday at the home of Mrs. H. Story, 81 Catalpa Lane, Campbell.

Genie Smith, district chairman, presided. Mrs. Virginia Means read the minutes of the last meeting, and Dr. Leslie Jauncey spoke on Camp Fire Girls' passing rank.

Mrs. Norma Creighton, Civic Service representative of the district, explained, for the benefit of new leaders present, Camp Fire Girls role in community service.

On Hallowe'en again this year the groups are urged to have their girls collect books and small current magazines for veteran's hospitals according to Mrs. C. F. Williamson, Civic Service chairman for the County.

On Monday, Oct. 31, girls wear their Camp Fire Service costumes instead of Hallowe'en outfits. "There is satisfaction in collecting a large load of books" Mrs. Williamson said, "and the public appreciates their participation in such a project on a night of general fun and pranks." Camp Fire Girls, Inc. as a Red Feather agency, always strives to be of service in the community.

Girls also are asked to make Hallowe'en tray favors for hospitals.

Camp Fire is looking for a new summer camp site. Anyone knowing of a possible site in the mountains of several acres is asked to contact the Camp Fire office at 330 Security Building, 84 S. First, San Jose.

LEGAL NOTICE

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on November 9, 1955, at which time they will be publicly opened and read in the Assembly Room of said building for construction on State highway in accordance with the specifications therefore, to which special reference is made, as follows:

Santa Clara County, in and near Campbell, at intersections of San Jose-Los Gatos Road with Union Avenue and with Campbell Avenue (IV-SC1-5-B, Cmb), traffic signal systems and highway lighting to be furnished and installed and channelization to be constructed.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
$2.58	Apprentice (oiler, fireman, watchman)
2.97	Asphalt plant engineer
2.38	Bootman
2.64	Boxman or mixer box operator (concrete or asphalt plant)
2.90	Carpenter
2.845	Cement finisher (journeyman)
2.58	Concrete mixer operator (up to one yard)
2.91	Concrete mixer operator (over one yard)
3.28	Electrician
2.58	Fireman in hot plant
2.175	Flagman
2.97	Heavy Duty repairman
2.58	Heavy duty repairman—helper
2.175	Laborer
2.97	Mechanical finisher operator (concrete or asphalt (hightway or street work)
2.275	Operator of jackhammer-vibrators and all pneumatic, gas and electric tools
3.30	Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)
3.41	Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard)
2.92	Painter
3.13	Power grader operator (power planer, motor patrol or any type power blade)
3.00	Reinforcing iron worker
2.30	Road oiler
2.97	Roller operator
2.58	Screed man
2.97	Tractor operator
2.225	Truck driver (less than 4 cubic yards water level)
2.365	Truck driver (4 cubic yards and less than 6 cubic yards water level) ?
2.525	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.825	Truck driver (8 cubic yards or more water level)

Any classification omitted herein not less than $2.175 per hour. Overtime—not less than one and one-half (1 1/2 times the above rates. Sundays and holidays—not less than one and one-half (1 1/2) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions).

The Department of Public Works reserves the right to reject any or all bids
